Inspired by the beauty of the California Coast, it is with pleasure that we share these magnificent works of art with you. This unique private art collection was installed to create an art environment unlike any other and solely for the enrichment of the community. Nationally and internationally recognized artists were commissioned to create an inspired grouping of art pieces that is carefully placed throughout the center. From playful fountains and benches to colorful ceramic tile murals, metal sculptures and more all guaranteed to make you stop and smell the roses.
